

Happy Valentine's Day

"There's never been a moment you
were forgotten." Lauren Daigle

YOU ARE LOVED AND CELEBRATED
TODAY AND EVERY DAY.

Please let this gift serve as a reminder that you are loved and cared for always. Ashley Manning of @prettythings.charlotte began The Valentine's Day Widow Outreach Project in 2021 to show love to widows on an otherwise very hard day. In honor of this initiative we are extending her mission to include anyone that may need a little extra love this year. It is our hope that we can use this holiday to show compassion to those in our community.
